Child Protection and Safeguarding Policy

1 INTRODUCTION

- 1.1. Safeguarding children is everyone's responsibility. Everyone who comes into contact with children and families has a role to play.
- 1.2. Our pupils' welfare is our paramount concern. The governing body will ensure that our school will safeguard and promote the welfare of pupils and work together with other agencies to ensure that our school has adequate arrangements to identify, assess and support those children who are suffering or likely to suffer harm.
- 1.3. Our school is a community and all those directly connected, staff members, governors, parents, families and pupils, have an essential role to play in making it safe and secure.

2 OUR ETHOS

- 2.1 We believe that our school should provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child.
- 2.2 We recognise the importance of providing an environment within our school that will help children feel safe and respected. We recognise the importance of enabling children to talk openly and to feel confident that they will be listened to.
- 2.3 We recognise that all adults within the school, including permanent and temporary staff, volunteers and governors, have a full and active part to play in protecting our pupils from harm.
- 2.4 We will work with parents to build an understanding of the school's responsibilities to ensure the welfare of all children, including the need for referrals to other agencies in some situations.

3 SCOPE

- 3.1 In line with the law, this policy defines a child as anyone under the age of 18 years.
- 3.2 This policy applies to all members of staff in our school, including all permanent, temporary and support staff, governors, volunteers, contractors and external service or activity providers.

4 THE LEGAL FRAMEWORK

- 4.1 Section 175 of the Education Act 2002 places a duty on governing bodies of maintained schools and further education institutions (including sixth-form colleges) to make arrangements for ensuring that their functions relating to the conduct of the school are exercised with a view to safeguarding and promoting the welfare of children who are pupils at the school. Section 157 of the same Act places a similar duty on non-maintained and independent schools, including free schools and academies.
- 4.2 Under section 10 of the Children Act 2004, all maintained schools, further education colleges and independent schools, including free schools and academies, are required to cooperate with the local authority to improve the well-being of children in the local authority area.
- 4.3 Under section 14B of the Children Act 2004, the Local Safeguarding Children Board can require a school or further education institution to supply information in order to perform its functions. This must be complied with.
- 4.4 This policy and the accompanying procedure have been developed in accordance with the following statutory guidance and local safeguarding procedures:
- *Working Together to Safeguard Children: A Guide to Inter-Agency Working to Safeguard and Promote the Welfare of Children, March 2015*
 - *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2016*
 - *Bedford Borough Child Protection and Safeguarding Procedures*
<http://bedfordscb.proceduresonline.com/index.htm>

5 ROLES AND RESPONSIBILITIES

- 5.1 The school's lead person with overall responsibility for child protection and safeguarding is the **DSL**. We have two deputy DSL to ensure there is appropriate cover for this role at all times. The DSL's responsibilities are described in Appendix A.
- The DSL will be represented on our school's leadership team and their role of DSL will be explicit in their job description. This person should have the appropriate authority and be given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings – and/or to support other staff to do so – and to contribute to the assessment of children.
- 5.2 The school has a **nominated governor** responsible for safeguarding to champion good practice, to liaise with the head teacher and to provide information and reports to the governing body.
- 5.3 The **case manager for dealing with allegations** of abuse made against school staff members is the head teacher. The case manager for dealing with allegations against the head teacher is the chair of governors. The procedure for managing allegations is detailed in Appendix B.
- 5.4 The **head teacher** will ensure that the policies and procedures adopted by the governing body are fully implemented and sufficient resources and time are allocated to enable staff members to discharge their safeguarding responsibilities.

5.5 The **governing body** is collectively responsible for ensuring that safeguarding arrangements are fully embedded within the school's ethos and reflected in the school's day-to-day practice.

5.6 **All staff members, governors, volunteers and external providers** know how to recognise signs and symptoms of abuse, how to respond to pupils who disclose abuse and what to do if they are concerned about a child.

6 SUPPORTING CHILDREN

6.1 We recognise that children who are abused or witness violence are likely to have low self-esteem and may find it difficult to develop a sense of self-worth. They may feel helpless, humiliated and some sense of blame. Our school may be the only stable, secure and predictable element in their lives.

6.2 We accept that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.

6.3 Our school will support all pupils by:

- ensuring the content of the curriculum includes social and emotional aspects of learning;
- ensuring a comprehensive curriculum response to e-safety, enabling children and parents to learn about the risks of new technologies and social media and to use these responsibly;
- ensuring that child protection is included in the curriculum to help children stay safe, recognise when they do not feel safe and identify who they might or can talk to;
- providing pupils with a number of appropriate adults to approach if they are in difficulties;
- supporting the child's development in ways that will foster security, confidence and independence;
- encouraging development of self-esteem and self-assertiveness while not condoning aggression or bullying;
- ensuring repeated hate incidents, e.g. racist, homophobic or gender- or disability-based bullying, are considered under child protection procedures;
- liaising and working together with other support services and those agencies involved in safeguarding children; and
- monitoring children who have been identified as having welfare or protection concerns and providing appropriate support.

7 CHILD PROTECTION AND SAFEGUARDING PROCEDURE

7.1 We have developed a structured procedure in line with Bedford Borough Child Protection and Safeguarding Procedures <http://bedfordscb.proceduresonline.com/index.htm> which will be followed by all members of the school community in cases of suspected abuse. This is detailed in Appendix B.

7.2 In line with the procedures, the relevant Children's Services Duty and Assessment Team will be notified as soon as there is a significant concern.

- 7.3 The name of the DSL will be clearly advertised in the school, with a statement explaining the school's role in referring and monitoring cases of suspected abuse.
- 7.4 We will ensure all parents and carers are aware of the responsibilities of staff members to safeguard and promote the welfare of children by publishing the policy and procedures on our website and by referring to them in our introductory school materials.

8 RECORD KEEPING

- 8.1 All child protection and welfare concerns will be recorded and kept in line with the Bedford Borough Local Safeguarding Children Board guidance.
- 8.2 We will continue to support any pupil leaving the school about whom there have been concerns by ensuring that all appropriate information, including child protection and welfare concerns, is forwarded under confidential cover to the pupil's new school as a matter of priority.

9 SAFER WORKFORCE AND MANAGING ALLEGATIONS AGAINST STAFF AND VOLUNTEERS

- 9.1 We will prevent people who pose risks to children from working in our school by ensuring that all individuals working in any capacity at our school have been subjected to safeguarding checks in line with the statutory guidance *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2016*.
- 9.2 We will ensure that agencies and third parties supplying staff provide us evidence that they have made the appropriate level of safeguarding checks on individuals working in our school.
- 9.3 Every job description and person specification will have a clear statement about the safeguarding responsibilities of the post holder.
- 9.4 We will ensure that at least one member of every interview panel has completed safer recruitment training.
- 9.5 We have a procedure in place to handle allegations against members of staff and volunteers in line with *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2016*. This procedure is detailed in Appendix B.

10 STAFF INDUCTION, TRAINING AND DEVELOPMENT

- 10.1 All new members of staff, including newly-qualified teachers and teaching assistants, will be given induction that includes basic child protection training on how to recognise signs of abuse, how to respond to any concerns, e-safety and familiarisation with the safeguarding and child protection policy, staff code of conduct, *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, Part One, September 2016* and other related policies.
- 10.2 The DSL will undergo updated child protection training every two years.

- 10.3 All staff members of the school will undergo live safeguarding and child protection training (whole-school training) which is regularly updated and at least every three years. All governors must undergo governor specific online awareness training at least every two years.
- 10.4 Staff members who miss the whole-school training will be required to undertake other relevant training to make up for it, e.g. attending next available induction training.
- 10.5 The nominated governor for safeguarding and child protection will undergo live Governor Services training prior to or soon after appointment to the role; this training will be updated every three years.
- 10.6 We will ensure that staff members provided by other agencies and third parties, e.g. supply teachers and contractors, have received appropriate child protection training commensurate with their roles before starting work. They will be given the opportunity to take part in whole-school training if it takes place during their period of work for the school.
- 10.7 The DSL will provide an annual briefing to the school on any changes to child protection legislation and procedures and relevant learning from local and national serious case reviews.
- 10.8 The school will maintain accurate records of staff induction and training.

11 CONFIDENTIALITY, CONSENT AND INFORMATION SHARING

- 11.1 We recognise that all matters relating to child protection are confidential.
- 11.2 The head teacher or the DSL will disclose any information about a pupil to other members of staff on a need-to-know basis only.
- 11.3 All staff members must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or well-being.
- 11.4 All staff members have a professional responsibility to share information with other agencies in order to safeguard children.
- 11.5 All our staff members who come into contact with children will be given appropriate training to understand the purpose of information sharing in order to safeguard and promote children's welfare.
- 11.6 We will ensure that staff members are confident about what they can and should do under the law, including how to obtain consent to share information and when information can be shared without consent. This is covered in greater detail in Appendix B.

12 INTER-AGENCY WORKING

- 12.1 We will develop and promote effective working relationships with other agencies, including agencies providing early help services to children, the police and Children's Social Care.

- 12.2 We will ensure that relevant staff members participate in multi-agency meetings and forums, including child protection conferences and core groups, to consider individual children.
- 12.3 We will participate in serious case reviews, other reviews and file audits as and when required to do so by the Bedford Borough Local Safeguarding Children Board. We will ensure that we have a clear process for gathering the evidence required for reviews and audits, embedding recommendations into practice and completing required actions within agreed timescales.

13 CONTRACTORS, SERVICE AND ACTIVITY PROVIDERS AND WORK PLACEMENT PROVIDERS

- 13.1 We will ensure that contractors and providers are aware of our school's safeguarding and child protection policy and procedures. We will require that employees and volunteers provided by these organisations use our procedure to report concerns.
- 13.2 We will seek assurance that employees and volunteers provided by these organisations and working with our children have been subjected to the appropriate level of safeguarding check in line with *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2016*. If assurance is not obtained, permission to work with our children or use our school premises may be refused.
- 13.3 When we commission services from other organisations, we will ensure that compliance with our policy and procedures is a contractual requirement.

14 WHISTLE-BLOWING AND COMPLAINTS

- 14.1 We recognise that children cannot be expected to raise concerns in an environment where staff members fail to do so.
- 14.2 We will ensure that all staff members are aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues. If necessary, they will speak with the head teacher, the chair of the governing body or with the Local Authority Designated Officer.
- 14.3 We have a clear reporting procedure for children, parents and other people to report concerns or complaints, including abusive or poor practice.
- 14.4 We will actively seek the views of children, parents and carers and staff members on our child protection arrangements through surveys, questionnaires and other means.

15 SITE SECURITY

- 15.1 All staff members have a responsibility to ensure our buildings and grounds are secure and for reporting concerns that may come to light.
- 15.2 We check the identity of all visitors and volunteers coming into school. Visitors are expected to sign in and out in the office visitors' log and to display a visitor's badge while on the school site. Any individual who is not known or identifiable will be challenged for clarification and reassurance.
- 15.3 The school will not accept the behaviour of any individual, parent or anyone else, that threatens school security or leads others, child or adult, to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse the person access to the school site.

16 QUALITY ASSURANCE

- 16.1 We will ensure that systems are in place to monitor the implementation of and compliance with this policy and accompanying procedures. This will include periodic audits of child protection files and records by the DSL
- 16.2 We will complete an audit of the school's safeguarding arrangements at frequencies specified by the Bedford Borough Local Safeguarding Children Board and using the audit tool provided by them for this purpose.
- 16.3 The school's senior management and the governing body will ensure that action is taken to remedy without delay any deficiencies and weaknesses identified in child protection arrangements.

17 POLICY REVIEW

- 17.1 This policy and the procedures will be reviewed every academic year. All other linked policies will be reviewed in line with the policy review cycle.
- 17.2 The DSL will ensure that staff members are made aware of any amendments to policies and procedures.

18 LINKED POLICES AND PROCEDURES

- 18.1 The following policies and procedures are relevant for the child protection and safeguarding policy and procedure.
- Accessibility, Disability and Equality Policy
 - Anti-Bullying Policy
 - Attendance Policy
 - Behaviour Policy
 - Children Missing from Education Procedures
 - Complaints Policy
 - Confidential Reporting Policy
 - Educational Trips Policy and risk assessments
 - E-safety Policy
 - E-security Policy
 - Grievance Policy
 - Health and Safety Policy and other linked policies and risk assessments
 - ICT Acceptable Use Policy
 - Induction Handbook
 - Managing Medicines Policy
 - Nappy Changing, Toileting and Intimate Care Policy
 - Physical Intervention Policy and Guidance
 - Recruitment and Selection procedures
 - Sex Education Policy
 - Social Media Policy
 - Special Educational Needs and Disabilities Policy
 - Spiritual, Moral, Social and Cultural Development Policy
 - Staff code of conduct/behaviour policy
 - Teachers' Standards, Department for Education guidance available on [GOV.UK website](https://www.gov.uk)

APPENDIX A

The role of the Designated Safeguarding Lead and Safeguarding Officer

1 MANAGING REFERRALS

- 1.1 Refer all cases of suspected abuse to Bedford Borough Multi Agency Support Hub and to the Police if a crime may have been committed.
- 1.2 Liaise with the head teacher about safeguarding issues relating to individual children, especially ongoing enquiries under section 47 of the Children Act 1989.
- 1.3 Act as a source of support, advice and expertise to staff members on matters of child protection and safeguarding.
- 1.4 Liaise with agencies providing early help services and coordinate referrals from the school to targeted early help services for children in need of support.
- 1.5 Refer cases to the Channel programme where there is a radicalisation concern as required;
- 1.6 Refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required.

2 RECORD KEEPING

- 2.1 Keep written records of child protection and welfare concerns in line with Bedford Local Safeguarding Board
- 2.2 Ensure a stand-alone file is created as necessary for children with safeguarding concerns.
- 2.3 Maintain a chronology of significant incidents for each child with safeguarding concerns.
- 2.4 Ensure such records are kept confidentially and securely and separate from the child's educational record.
- 2.5 When a child leaves our school, the DSL will make contact with the DSL at the new school and will ensure that the child protection file is forwarded to the receiving school in an appropriately agreed manner. We will retain evidence to demonstrate how the file has been transferred; this may be in the form of a written confirmation of receipt from the receiving school and/or evidence of recorded delivery. Where a parent elects to remove their child from the school roll to home educate, the school will make arrangements to pass any safeguarding concerns to Bedford Borough Elective Home Education Team.

3 INTER-AGENCY WORKING AND INFORMATION SHARING

- 3.1 Cooperate with Children's Social Care for enquiries under section 47 of the Children Act 1989.
- 3.2 Attend, or ensure other relevant staff members attend, child protection conferences, core group meetings and other multi-agency meetings, as required.

- 3.3 Liaise with other agencies working with the child, share information as appropriate and contribute to assessments.

4 TRAINING

- 4.1 Undertake appropriate training, **updated every two years**, in order to
- be able to recognise signs of abuse and how to respond to them, including special circumstances such as child sexual exploitation, female genital mutilation, fabricated or induced illness, radicalisation
 - understand the assessment process for providing early help and intervention, e.g. through locally agreed common and shared assessment processes such as Early Help Assessments.;
 - have a working knowledge of how the local authority conducts initial and review child protection case conferences and contribute effectively to these; and
 - be alert to the specific needs of children in need (as specified in section 17 of the Children Act 1989), those with special educational needs, pregnant teenagers and young carers.
- 4.2 The designated safeguarding lead and safeguarding officer should undertake Prevent awareness training.
- 4.3 Ensure each member of staff has access to and understands the school's safeguarding and child protection policy and procedures, including providing induction on these matters to new staff members.
- 4.4 Organise whole-school child protection training for all staff members at least **every three years**. Ensure staff members who miss the training receive it by other means, e.g. by joining another school's training.
- 4.5 Link with Bedford Local Safeguarding Children Board to identify appropriate training opportunities for relevant staff members.
- 4.6 Ensure the school allocates time and resources every year for relevant staff members to attend training.
- 4.7 Encourage a culture of listening to children and taking account of their wishes and feelings in any action the school takes to protect them.
- 4.8 Maintain accurate records of staff induction and training.

5 AWARENESS RAISING

- 5.1 Review the safeguarding and child protection policy and procedures annually and liaise with the school's governing body to update and implement them
- 5.2 Make the safeguarding and child protection policy and procedures available publicly and raise awareness of parents that referrals about suspected abuse may be made and the role of the school in any investigations that ensue.
- 5.3 Provide an annual briefing to the school on any changes to child protection legislation and procedures and relevant learning from local and national serious case reviews.

6 QUALITY ASSURANCE

- 6.1 Monitor the implementation of and compliance with policy and procedures, including periodic audits of child protection and welfare concerns files (at a minimum once a year).
- 6.2 Complete an audit of the school's safeguarding arrangements at frequencies specified by the Bedford Local Safeguarding Children Board.
- 6.3 Provide regular reports, to the governing body detailing changes and reviews to policy, training undertaken by staff members and the number of children with child protection plans and other relevant data.
- 6.4 Take lead responsibility for remedying any deficiencies and weaknesses identified in child protection arrangements.

APPENDIX B

Child Protection and Safeguarding Procedure

1 DEFINITIONS

- 1.1 **Abuse**, including neglect, is a form of maltreatment. A person may abuse a child by inflicting harm or by failing to prevent harm. Children may be abused within their family, in an institutional or community setting, by those known to them, or, more rarely, by a stranger.
- 1.2 **Children** are any people who have not yet reached their 18th birthday; a 16-year-old, whether living independently, in further education, in the armed forces or in hospital, is a child and is entitled to the same protection and services as anyone younger.
- 1.3 **Child protection** is part of safeguarding and promoting the welfare of children and refers to activity undertaken to protect specific children who are suffering, or likely to suffer, significant harm.
- 1.4 **Early help** means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years to teenage years.
- 1.5 **Harm** is ill treatment or impairment of health and development, including impairment suffered from seeing or hearing the ill treatment of another.
- 1.6 **Safeguarding children** is the action we take to promote the welfare of children and protect them from harm. **Safeguarding and promoting the welfare of children** is defined in [*Working Together to Safeguard Children: A Guide to Inter-Agency Working to Safeguard and Promote the Welfare of Children \(March 2015\)*](#) as:
- protecting children from maltreatment;
 - preventing impairment of children's health and development;
 - ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
 - taking action to enable all children to have the best outcomes.
- 1.7 **Significant harm** is the threshold that justifies compulsory intervention in the family in the best interests of the child. Section 31 of the Children Act 1989 states 'where the question of whether harm suffered by a child is significant turns on the child's health or development, his health or development shall be compared with that which could reasonably be expected of a similar child.'

2 CATEGORIES OF ABUSE

- 2.1 **Emotional abuse** is the persistent emotional maltreatment of a child such that it causes severe and persistent adverse effects on the child's emotional development. It may involve:
- making a child feel worthless, unloved or inadequate
 - only there to meet another's needs
 - inappropriate age or developmental expectations
 - overprotection and limitation of exploration, learning and social interaction
 - seeing or hearing the ill treatment of another, e.g. domestic abuse
 - making the child feel worthless and unloved - high criticism and low warmth
 - serious bullying
 - exploitation or corruption

Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

- 2.2 **Neglect** is the persistent failure to meet a child's basic physical or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance misuse. Once a child is born, it may involve a parent failing to:
- provide adequate food, clothing and shelter, including exclusion from home or abandonment
 - protect a child from physical and emotional harm or danger
 - ensure adequate supervision, including the use of inadequate care givers
 - ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

- 2.3 **Physical abuse** may involve hitting, shaking, throwing, poisoning, burning, scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

- 2.4 **Sexual abuse** involves forcing or enticing a child or young person to take part in sexual activities, including prostitution, whether or not the child is aware of what is happening. Activities may involve physical contact, including penetration of any part of the body, or non-penetrative acts. They may include non-contact activities, such as involving children looking at or in the production of sexual images, including on the internet, watching sexual activities, or encouraging children to behave in sexually inappropriate ways.

Child sexual exploitation is also sexual abuse; it involves children and young people receiving something, for example accommodation, drugs, gifts or affection, as a result of them performing sexual activities, or having others perform sexual activities on them. It could take the form of grooming of children, e.g. to take part in sexual activities or to post sexual images of themselves on the internet.

3 SPECIFIC SAFEGUARDING ISSUES

- 3.1 School staff members need to be aware of specific safeguarding issues and be alert to any risks. Bedford Borough, Central Bedfordshire and Luton Safeguarding Children Boards Procedures Manual May 2016 has detailed information about specific issues such as child sexual exploitation, fabricated or induced illness, female genital mutilation, private fostering, etc., and the local procedures to respond to risks.

- 3.2 The government website, [GOV.UK](http://gov.uk), has broad government guidance on a variety of issues. The following is not a comprehensive list and staff members should search the GOV.UK website and Bedford Borough Child Protection and Safeguarding Procedures <http://bedfordscb.proceduresonline.com/index.htm> for advice on other issues.

- child sexual exploitation (CSE)
- bullying including cyberbullying
- domestic violence
- drugs
- fabricated or induced illness

- faith abuse
- female genital mutilation (FGM)
- forced marriage
- gangs and youth violence
- gender-based violence/violence against women and girls (VAWG)
- mental health
- private fostering
- preventing radicalisation and the Prevent duty
- sexting
- teenage relationship abuse
- trafficking

3.3 Further information on Child Sexual Exploitation

Child sexual exploitation (CSE) involves exploitative situations, contexts and relationships where young people receive something (for example food, accommodation, drugs, alcohol, gifts, money or in some cases simply affection) as a result of engaging in sexual activities. Sexual exploitation can take many forms ranging from the seemingly 'consensual' relationship where sex is exchanged for affection or gifts, to serious organised crime by gangs and groups. What marks out exploitation is an imbalance of power in the relationship. The perpetrator always holds some kind of power over the victim which increases as the exploitative relationship develops. Sexual exploitation involves varying degrees of coercion, intimidation or enticement, including unwanted pressure from peers to have sex, sexual bullying including cyberbullying and grooming. However, it is also important to recognise that some young people who are being sexually exploited do not exhibit any external signs of this abuse.

Teachers and school staff are more likely to see victims on a regular basis than almost any other professional. They will notice recurrent or prolonged absences and significant changes in behaviour. The use of the 'chronology' in the East Sussex Local Safeguarding Children's Board guidance –Keeping Records of Child Protection and Welfare Concerns: Guidance for Early Years, Schools and Colleges – will enable these patterns to be identified. They are key to identifying children at risk and raise concerns at an early stage, to potentially halt the grooming process before sexual exploitation has begun. Teachers will highlight concerns about missing children as they may be at risk of child sexual exploitation.

Due to the nature of the grooming methods used by their abusers, it is very common for children and young people who are sexually exploited not to recognise that they are being abused. Practitioners should be aware that young people particularly aged 17 and 18 may believe themselves to be acting voluntarily and will need practitioners to work with them so they can recognise that they are being sexually exploited.

As much as possible it is important that the young person is involved in decisions that are made about them.

<https://www.gov.uk/government/publications/safeguarding-children-and-young-people-from-sexual-exploitation-supplementary-guidance>

3.4 Further information on Female Genital Mutilation

Female Genital Mutilation (FGM): professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. There is a range of potential indicators that a child or young person may be at risk of FGM, which individually may not indicate risk but if there are two or more indicators present this could signal a risk to the child or young person. Victims of FGM are likely to come from a community that is known to practise FGM. Professionals should note that girls at risk of FGM may not yet be aware of the practice or that it may be conducted on them, so sensitivity should always be shown when approaching the subject.

Staff should activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with police and children's social care.

Warning signs that FGM may be about to take place, or may have already taken place, can be found on pages 16-17 of the Multi-Agency Practice Guidelines referred to below.

The DFE Multi-Agency Practice Guidelines, chapter 9 (page 42)

Guidelines for school, colleges and universities sets out how staff can make a difference;

'Girls who are threatened with, or who have undergone FGM may withdraw from education, restricting their educational and personal development. They may feel unable to go against the wishes of their parents and consequently may suffer emotionally. Staff may become aware of a student because she appears anxious, depressed and emotionally withdrawn. They may be presented with a sudden decline in her performance, aspirations or motivation. There may be occasions when a student comes to school or college but then absents herself from lessons, possibly spending prolonged periods in the bathroom.

Students who fear they may be at risk of FGM can often come to the attention of, or turn to, a teacher, lecturer or other member of staff before seeking help from the police or social services. Sometimes the student's friends report it to staff. Teachers, lecturers and other members of staff are in an ideal position to identify and respond to a victim's needs at an early stage'

<https://www.gov.uk/government/publications/female-genital-mutilation-guidelines>

3.5 Further information on Preventing Radicalisation

In line with the DFE Prevent duty, June 2015, the school adheres to guidance set out.

The threat to the UK from international terrorism is substantial. The terrorist threats that we now face are more diverse than ever before, dispersed across a wider geographical area and often in countries without effective governance. We therefore face an unpredictable situation! Dealing with violent extremism is nothing new. Throughout history there have been groups prepared to use violence to achieve their

aims. A small minority of these seek to radicalise young people with an ideology which justifies the use of violence through a distorted interpretation of a set of values (often associated with a religion).

In line with guidance from the Department for Education (DfE), King's Oak Primary School has a zero tolerance acceptance of extremist behaviour and ensures that our care, guidance and curriculum empowers young people to reject violent or extremist behaviour. Whilst it remains very rare for school age children to become involved in extremist activity, young people can be exposed to extremist influences or prejudiced views, including via the internet, from an early age. Early intervention is a preferable way of tackling extremism.

DEFINITION

Extremism can be defined as "holding of extreme opinions: the holding of extreme political or religious views or the taking of extreme actions on the basis of those views".

STRATEGIES FOR PREVENTING EXTREMISM

The Office for Security & Counter Terrorism works to counter the threat from terrorism and their work is detailed in the counter terrorism strategy CONTEST.

This strategy is based on four areas of work:

- Pursue: To stop terrorist attacks
- Prevent: To stop people becoming terrorists or supporting terrorism
- Protect: To strengthen our protection against a terrorist attack
- Prepare: To mitigate the impact of a terrorist attack

Our role, as a school, is outlined more specifically in the DCSF document 'Learning together to be safe: A toolkit to help schools contribute to the prevention of violent extremism.'

AIMS

At King's Oak Primary School we follow the principles outlined in the DCSF toolkit which seeks to:

- Raise awareness within school of the threat from violent extremist groups and the risks for young people.
- Provide information about what can cause violent extremism, about preventative actions taking place locally and nationally and where we can get additional information and advice.
- Help schools understand the positive contribution they can make to empower young people to create communities that are more resilient to extremism, and protecting the wellbeing of particular pupils or groups who may be vulnerable to being drawn into violent extremist activity.
- Provide advice on managing risks and responding to incidents locally, nationally or internationally that might have an impact on the school community.

Kings Oak is fully aware of its responsibility under the Prevent duty 2015 and recognises its' responsibilities to prevent and protect children from extremism, it fits within its duty of child protection and safeguarding.

Any concerns about an individual in relation to extremism or radicalisation are referred to the DSL in line with procedure for any safeguarding concern. Statutory guidance makes it clear that schools are expected to assess the risk of children being drawn into terrorism, including the support for extremist ideas that are part of terrorist ideology.

All staff in school are trained in Prevent by Marina Allen, the school's registered Prevent trainer. Kings Oak Primary School works in partnership with other agencies, and also engages with parents who themselves might raise concerns regarding family members.

We are aware that children can access materials from the internet and make sure that suitable filters are in place.

As a school we raise any concerns to the local police via 101.

The Counter-Terrorism and Security Act 2015 places a duty on local authorities to ensure Channel panels are in place. The panel must include the local authority and chief officer of the local police. Panels will assess the extent to which identified individuals are vulnerable to being drawn into terrorism, following a referral from the police and where considered appropriate and necessary consent is obtained, arrange for support to be provided to those individuals. The Act will require partners of Channel panels to co-operate with the panel in the carrying out of its functions and with the police in undertaking the initial assessment as to whether a referral is appropriate.

Schools and colleges which are required to have regard to Keeping Children Safe in Education are listed in the Act as partners of the panel. The relevant provisions of the Act came into force on 12 April 2015.

A Bedford Borough Channel Panel has been set and links to information and training can be found here;

http://www.bedford.gov.uk/health_and_social_care/children_young_people/safeguarding_children_board/professionals/radicalisation_and_prevent.aspx

Channel Training

'Channel' is the name for the process of referring a person for early intervention and support, including:

- identifying people at risk of being drawn into terrorism
- assessing the nature and extent of that risk, and
- developing the most appropriate support plan for the people concerned.

The Channel process is about safeguarding children, young people and adults from being drawn into committing terrorist-related activity. It is about early intervention to protect and divert people away from risk before a crime occurs.

Prevent is the pan-Bedford strategy for preventing vulnerable people from being radicalised into violent extremism:

The pan-Bedford Prevent describes partner's (including schools) role in the Prevent agenda:

Sharing with colleagues

- Promote awareness of the PREVENT strategy within your organisation and partners, including the local risks, roles and responsibilities involved in its delivery
- Ensure colleagues and partners are aware of how to report any potentially relevant information or concerns
- Promote an understanding amongst colleagues and partners of how to identify indicators of terrorism
- Promote an understanding amongst colleagues and partners of how to identify potential signs of individual vulnerability to radicalisation.
Indicators of terrorist activity

The Department for education has published The Prevent duty

Departmental advice for schools and childcare providers at:

<https://www.gov.uk/government/publications/protecting-children-from-radicalisation-the-prevent-duty>

3.6 Self-harm and suicidal behaviour

Definition - Self harm, self mutilation, eating disorders, suicide threats and gestures by a child must always be taken seriously and may be indicative of a serious mental or emotional disturbance.

Refer to the LSCB Child Protection and Safeguarding Procedures for guidance on recognition, reporting and a child presenting at school.

4 RECOGNITION – WHAT TO LOOK FOR

4.1 Staff members should refer to the detailed information about the categories of abuse and risk indicators in the [Bedford Borough, Central Bedfordshire and Luton Safeguarding Children Boards Procedures Manual](#) for further guidance.

4.2 In an abusive relationship, the child may:

- appear frightened of their parent(s)
- act in a way that is inappropriate to their age and development, although full account needs to be taken of different patterns of development and different ethnic groups

4.3 In an abusive relationship, the parent or carer may:

- persistently avoid child health services and treatment of the child's illnesses
- have unrealistic expectations of the child
- frequently complain about or to the child and fail to provide attention or praise
- be absent
- be misusing substances
- persistently refuse to allow access on home visits by professionals
- be involved in domestic violence and abuse
- be socially isolated

4.4 Serious case reviews have found that parental substance misuse, domestic abuse and mental health problems, sometimes referred to as the 'toxic trio', if they coexist in a family could mean significant risks to children. Problems can be compounded by poverty, frequent house moves or eviction.

5 ALLEGATIONS OF ABUSE MADE AGAINST OTHER CHILDREN

5.1 At our school we believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and other students.

We recognise that some pupils will sometimes negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the school's Behaviour Policy.

5.2 Safeguarding allegations

Occasionally, allegations may be made against pupils by others in the school, which are of a safeguarding nature. Safeguarding issues raised in this way may include physical abuse, emotional abuse, sexual abuse and sexual exploitation. It is likely that to be considered a safeguarding allegation against a pupil, some of the following features will be found.

The allegation:

- is made against a pupil and refers to their behaviour towards another pupil or a more vulnerable pupil
- is of a serious nature, possibly including a criminal offence
- raises risk factors for other pupils in the school
- indicates that other pupils may have been affected by this pupil
- indicates that other people outside the school may be affected by this pupil

5.3 Examples of safeguarding issues against a pupil could include:

Physical Abuse

- violence, particularly pre-planned
- forcing others to use drugs or alcohol

Emotional Abuse

- blackmail or extortion
- threats and intimidation

Sexual Abuse

- Indecent exposure, indecent touching or serious sexual assaults
- forcing others to watch pornography or take part in sexting

Sexual Exploitation

- encouraging other children to attend inappropriate parties
- photographing or videoing other children performing indecent acts

In areas where gangs are prevalent, older pupils may attempt to recruit younger pupils using any or all of the above methods. Young people suffering from sexual exploitation themselves may be forced to recruit other young people under threat of violence.

5.4 Minimising the risk of safeguarding concerns towards pupils from other pupils

On occasion, some pupils will present a safeguarding risk to other pupils. The school should be informed that the young person raises safeguarding concerns, for example, they are coming back into school following a period in custody or they have experienced serious abuse themselves.

These pupils will need an individual risk management plan to ensure that other pupils are kept safe and they themselves are not laid open to malicious allegations. There is a need to balance the tension between privacy and safeguarding.

5.5 What to do

When an allegation is made by a pupil against another pupil, members of staff should consider whether the complaint raises a safeguarding concern. If there is a safeguarding concern the DSL should be informed.

A factual record should be made of the allegation, but no attempt at this stage should be made to investigate the circumstances.

The DSL should contact MASH to discuss the case. It is possible that Children's Social Care are already aware of safeguarding concerns around this young person. The DSL will follow through the outcomes of the discussion and make a statement of referral where appropriate.

The DSL will make a record of the concern, the discussion and any outcome and keep a copy in the files of both pupils' files.

If the allegation indicates a potential criminal offence has taken place, the police should be contacted at the earliest opportunity and parents informed (of both the pupil being complained about and the alleged victim).

Where neither Children's Social Care nor the police accept the complaint, a thorough school investigation should take place into the matter using the school's usual disciplinary procedures.

In situations where the school considers a safeguarding risk is present, a risk assessment should be prepared along with a preventative, supervision plan.

The plan should be monitored and a date set for a follow-up evaluation with everyone concerned.

6 SAFEGUARDING CHILDREN CONTINUUM OF NEED

6.1 The Bedford Borough Safeguarding Children Board has published a 'thresholds document' setting out levels of need and access to Children's Social Care. [Click here for the full document.](#)

6.2 This document provides a framework for professionals who are working with children, young people and families. It aims to help identify when a child or young person may need additional support to achieve their full potential. It introduces a continuum of help and support, provides information on the levels of need and gives examples of some of the factors that may indicate a child or young person needs additional support. By undertaking assessments and offering services on a continuum of help and support, professionals can be flexible and respond to different levels of need in different children, young people and families. The framework recognises that however complex a child or young person's needs, universal services e.g. education and health, will always be provided alongside any specialist additional service.

6.3 The Continuum of Need identifies four levels of need.

Along the continuum of need services become increasingly targeted and specialised according to the level of need. Children or young people's needs are not static, and they may experience different needs – at different points on the continuum – throughout their childhood years.

The Four Levels of Need are;

Level 1: Universal

Children, young people and families are generally progressing well and achieving expected outcomes. Their core needs are being met effectively by universal services without any additional support.

Level 2: Early help / Intervention

Children, young people and families are experiencing emerging problems which result in them not achieving outcomes. They are likely to require early help/intervention for a time limited period, to seek to move them back to Level 1. Children subject to Education, Health and Care (EHC) plans.

Level 3: Targeted

Children, young people and families who are experiencing significant additional needs, which may be numerous or more serious/complex in nature. This is having a significant impact on their achievement of expected outcomes and is likely to require more targeted support, potentially from a number of agencies. This may require the identification of a lead professional to co-ordinate the support provided to the family. This may meet the threshold for an assessment led by children's social care under Section 17, Children Act 1989 although the assessments and services required may come from a range of provision outside of children's social care. Children or young people subject to an EHC plan may well be accessing targeted support.

Level 4: Specialist

Children, young people and families who are experiencing very serious or complex needs that are having a major impact on their achievement of expected outcomes. Their needs will be such that they require intensive support from specialist services. These children or young people are suffering or are likely to suffer significant harm. This is the threshold for child protection. This level also includes Tier 4 health services which are very specialised services in residential, day patient or outpatient settings for children and adolescents with severe and /or complex health problems. This is likely to mean that they may be referred to children's social care under section 20, 47 or 31 of the Children Act 1989. This would also include those children or young people remanded into custody and statutory youth offending services.

- 6.7 By referring to the Continuum of Need and indicators, the school can identify when assessment and support for a child and family need 'stepping up' to a referral to Social Care and when the needs of a child and their family have been reduced enough for them to be 'stepped down' to early help services.

7 WHAT ACTION TO TAKE IF YOU HAVE CONCERNS ABOUT A CHILD

Staff member	What action to take if you have concerns
Any member of staff, governor, volunteer, contractor or activity provider	<ol style="list-style-type: none">1. Discuss your concerns with the DSL Marina Allen, or in their absence, with a Deputy DSL Ali England or Christina Hodges as soon as possible, before the child leaves for the day.2. You can e mail cpconcerns@kingsoakprimary.co.uk and all DSL's will receive the mail. It is important that the child is not sent home at the end of the day without taking the right protective action.3. Complete the child protection incident/welfare concern form and pass it to the DSL.4. If the DSL or their deputy is not available, you should contact the Children's Social Care Duty and Assessment Team yourself for a consultation about the action you need to take. Inform the DSL about your consultation and what actions you have taken.
Designated safeguarding lead	<ol style="list-style-type: none">1. You are concerned that the child is at risk of significant harm (Level 4 of the Continuum of need)<ol style="list-style-type: none">1.1 Contact the Multi Agency Support Hub (MASH) immediately.1.2 If you believe that the child is in immediate danger, or you suspect a crime has been committed, you must also contact the police immediately.1.4 The MASH Team may decide, in discussion with you, that the child's needs are at Level 2 or 3 of the Continuum of Need and the school is better placed to provide support. See points 2.5 and 2.6 below for further action.

	<p>1.5 Record all your discussions and decision-making on the child protection incident/welfare concern form sent by the staff member who contacted you originally. Add it and a copy of the statement of referral to the child's file. If the child does not have a stand-alone child protection file, you will need to create one including a front sheet. Update or start the chronology. Continue to update the child's file and chronology as the investigation and the resulting work carry on.</p>
	<p>2. You believe the child is not at risk of significant harm, but the child or their family may need support (Level 2 or 3 of the Continuum of Need)</p> <p>2.1 Use the Continuum of Need tool to identify the level of need.</p> <p>2.2 Discuss your concerns with senior colleagues in another agency, if necessary.</p> <p>2.3 Contact the MASH Team for a consultation, without necessarily identifying the child in question, in order to develop an understanding of the child's needs and circumstances.</p> <p>2.4 If the MASH Team accepts your contact as a referral for social care assessment, send them a completed referral within 24 hours, as above.</p> <p>2.5 If your consultation results in the decision that the child and family are in need of help at Level 2 or 3 of the Continuum of Need, provide additional support in the school and/or refer the child or their family to other agencies providing early help services.</p> <p>2.6 Record all your consultations and decision-making on the child protection incident/welfare concern form sent by the staff member who contacted you originally. Update or start the chronology and add referral letters and forms to the child's file; create a stand-alone file including a front sheet, if one does not exist. Continue to update the file, including the chronology, as work progresses.</p>

8 DEALING WITH A DISCLOSURE MADE BY A CHILD – ADVICE FOR ALL MEMBERS OF STAFF

If a child discloses that he or she has been abused in some way, the member of staff or volunteer should follow this guidance.

- Listen to what is being said without displaying shock or disbelief.
- Only ask questions when necessary to clarify.
- Accept what is being said.
- Allow the child to talk freely – do not put words in the child's mouth.
- Reassure the child that what has happened is not his or her fault.
- Do not make promises that you may not be able to keep.
- Do not promise confidentiality – it may be necessary to refer the child to Children's Social Care.
- Stress that it was the right thing to tell.
- Do not criticise the alleged perpetrator.
- Explain what has to be done next and who has to be told.
- Inform the DSL without delay.
- Complete the child protection incident/welfare concern form and pass it to the DSL.
- Dealing with a disclosure from a child and safeguarding issues can be stressful. Consider seeking support for yourself and discuss this with the DSL.

9 DISCUSSING CONCERNS WITH THE FAMILY AND THE CHILD – ADVICE FOR THE DESIGNATED SAFEGUARDING LEAD

- 9.1 In general, you should always discuss any concerns the school may have with the child's parents. They need to know that you are worried about their child. However, you should not discuss your concerns if you believe that this would place the child at greater risk or lead to loss of evidence for a police investigation.
- 9.2 **If you make a decision not to discuss your concerns with the child's parents or carers** this must be recorded in the child's child protection file with a full explanation for your decision.
- 9.3 **It is important to consider the child's wishes and feelings**, if age appropriate, as part of planning what action to take in relation to concerns about their welfare.
- 9.4 When talking to children, you should take account of their age, understanding and preferred language, which may not be English. It is also important to consider how a disabled child may need support in communicating.
- 9.5 How you talk to a child will also depend on the substance and seriousness of the concerns. You may need to seek advice from Children's Social Care or the police to ensure that neither the safety of the child nor any subsequent investigation is jeopardised.
- 9.6 If concerns have arisen as a result of information given by a child, it is important to reassure the child but not to promise confidentiality.
- 9.7 **It is expected that you discuss your concerns with the parents and seek their agreement to making a referral to Children's Social Care, unless you consider that this would place the child at increased risk of significant harm.**
- 9.8 **You do not need the parents' consent to make a referral if you consider the child is in need of protection**, although parents will ultimately be made aware of which organisation made the referral.
- 9.9 If parents refuse to give consent to a referral but you decide to continue, you need to make this clear to Children's Social Care.
- 9.10 **If you decide to refer the child without the parents' consent, make sure to record this with a full explanation of your decision.**
- 9.11 When you make your referral, you should agree with Children's Social Care what the child and parents will be told, by whom and when.
- 9.12 See section 11 below for guidance on information sharing and consent.

10 EARLY HELP FOR CHILDREN AND FAMILIES

- 10.1 Most parents can look after their children without the need of help other than from their family or friends. However, some parents may need additional help from our school or other services such as the NHS. Providing help early is more effective in promoting the welfare of children than reacting later.
- 10.2 Our school will work together with other agencies to provide a coordinated offer of early help, in line with *Working Together to Safeguard Children 2015* and local guidance, to any child who needs it.

- 10.3 We will pool our knowledge within the school and with other agencies about which families or children need additional support in a range of ways so that we can work out how best to help them.
- 10.4 We will work closely with Bedford Borough Early Help Team and complete an Early Help Assessment with the family if we feel families need more support and input, or children are at risk of harm, and we will continue to provide support if other services are also needed. Information about the Early Help Team and Assessments can be found at [Bedford Borough Early Help](#).
- 10.6 If the family does not consent to an early help service, we will make a judgement about whether the needs of the child will escalate or the child will become unsafe without help. If our judgement is that the needs or concerns will escalate, then we will contact the MASH Team for a consultation with a qualified social worker in order to make a shared decision about whether the level of concerns calls for a referral to Children's Social Care.

11 CHILDREN'S-SOCIAL-CARE-LED RESPONSES TO CONCERNS ABOUT A CHILD

- 11.1 Once Children's Social Care has accepted our referral as needing a social-care-led response (Level 4 of the Continuum of Need), a senior social work practitioner and their manager will evaluate the concerns to identify the sources and levels of risk and to agree what protective action may be necessary.
- 11.2 The evaluation of concerns and risks involve deciding whether:
- the child needs immediate protection and urgent action is necessary; or
 - the child is suffering, or at risk of suffering, significant harm and enquiries need to be made under section 47 of the Children Act 1989; or
 - the child is in need and should be assessed under section 17 of the Children Act 1989.
- 11.3 We will cooperate with Children's Social Care and the police in any emergency action they take using their legal powers for immediate protection of the child. This may involve removing the child from their home.
- 11.4 We will participate in any multi-agency discussions (strategy discussions), if invited to do so, and share information about the child and their family to plan the response to concerns.
- 11.5 We will share information about the child and their family for section 47 enquiries and family assessments undertaken by Children's Social Care.
- 11.6 We will ensure that a relevant staff member participates in all initial and review child protection conferences, if we are invited to attend. The staff member will work together with other agencies to discuss the need for and agree to an outcome-focused child protection plan and will ensure that the child's wishes and views are considered in their own right in planning.
- 11.7 If we are members of the core group to implement a child protection plan, we will ensure a relevant staff member participates in all core group meetings.
- 11.8 We will ensure that we complete all actions allocated to us as part of the outcome-focused plan, whether a child protection plan or a family support plan, in a timely way.

- 11.9 We will continue to monitor children once their plans are ended to ensure that they are supported and kept safe.

12 INFORMATION SHARING AND CONSENT

- 12.1 It is essential that people working with children can confidently share information as part of their day-to-day work. This is necessary not only to safeguard and protect children from harm but also to work together to support families to improve outcomes for all.
- 12.2 The school may have to share information about parents or carers, such as their medical history, disability or substance misuse issues, for investigations of child abuse carried out by Children's Social Care.
- 12.3 We will proactively seek out information as well as sharing it. This means checking with other professionals whether they have information that helps us to be as well informed as possible when working to support children.
- 12.4 The Data Protection Act 1998 is not a barrier to sharing information. It is there to ensure that personal information is managed in a sensible way and that a balance is struck between a person's privacy and public protection.
- 12.5 We should be sharing any concerns we have with parents at an early stage, unless this would put a child at greater risk or compromise an investigation. Parents need to know what our responsibilities are for safeguarding and protecting children and that this involves sharing information about them with other professionals.
- 12.6 Be clear about the purpose of sharing confidential information and only share as much as you need to achieve your purpose.
- 12.7 Try to get consent from parents (or the child, if they have sufficient understanding¹) to share information, if possible. However, **you do not need consent if you have serious concerns about a child's safety and well-being. If you decide to share information without consent, you should record this with a full explanation of your decision.**
- 12.8 **Consent should not be sought from parents or carers (or the child, if they have sufficient understanding), if:**
- it would place a child at increased risk of harm; or
 - it would place an adult at risk of serious harm; or
 - it would prejudice a criminal investigation; or
 - it would lead to unjustified delay in making enquiries about allegations of significant harm to a child; or
 - required by law or a court order to share information.
- 12.9 **Consent is not necessary** in cases where Children's Social Care are making child protection enquiries under section 47 of the Children Act 1989. Information needs to be shared with Children's Social Care; staff members must make sure to record what information has been shared.
- 12.10 **Consent is necessary, for:**

¹ Children aged 12 or over may generally be expected to have sufficient understanding. Younger children may also have sufficient understanding. All people aged 16 and over are presumed, in law, to have the capacity to give or withhold their consent, unless there is evidence to the contrary.

- Children's Social Care investigations or assessments of concerns under section 17 of the Children Act 1989. Children's Social Care will assume that we have obtained consent from the parents to share information unless we make them aware that there is a specific issue about consent. This must be discussed with a social worker in the Duty and Assessment Team.
- Early Help Assessments. Assessments are undertaken with the agreement of the child and their parents or carers.

12.11 If you are in any doubt about the need for seeking consent, get advice from the DSL or from the MASH Team.

12.12 Keep a record of your decision to share information, with or without consent, and the reasons for it. Remember also that it is just as important to keep a record of why you decided not to share information as why you did so.

13 RECORD KEEPING

13.1 Good record keeping is an important part of the school's accountability to children and their families and will help us in meeting our key responsibility to respond appropriately to welfare concerns about children.

13.2 Records should be factual, accurate, relevant, up to date and auditable. They should support monitoring, risk assessment and planning for children and enable informed and timely decisions about appropriate action to take.

13.3 All staff members, governors, volunteers, contractors and activity providers should ensure that they record and report safeguarding concerns in line with guidance from the Bedford Borough Local Safeguarding Children Board (LSCB)

13.4 The DSL will ensure that records are maintained appropriately for children with safeguarding concerns and that stand-alone files are created and maintained in line with requirements of the above guidance.

14 PROFESSIONAL CHALLENGE AND DISAGREEMENTS

14.1 Working with children and families, and in particular child protection work, is stressful and complex, as well as involving uncertainty and strong feelings. To ensure that the best decisions are made for children, we need to be able to challenge one another's practice.

14.2 We will promote a culture within our school that enables all staff members to raise, without fear of repercussions, any concerns they may have about the management of child protection in the school. This may include raising concerns about decisions, action and inaction by colleagues about individual children. If necessary, staff members will speak with the Designated safeguarding lead, the head teacher, the chair of governors or with the Local Authority Designated Officer.

14.3 Cooperation across agencies is crucial; professionals need to work together, using their skills and experience, to make a robust contribution to safeguarding children and promoting their welfare within the framework of discussions, meetings, conferences and case management.

14.4 If there are any professional disagreements with practitioners from other agencies, the DSL or the head teacher will raise concerns with the relevant agency's

safeguarding lead in line with guidance in the [Bedford Borough, Central Bedfordshire and Luton Safeguarding Children Boards Procedures Manual](#)

- 14.5 If the school disagrees with the child protection conference chair's decision, the DSL or the head teacher will consider whether they wish to challenge it further and raise the matter with Children's Services Head of Safeguarding.

15 SAFER RECRUITMENT

- 15.1 Our school has robust recruitment and vetting procedures to help prevent unsuitable people from working with children.
- 15.2 Our job advertisements and application packs make explicit reference to the school's commitment to safeguarding children, including compliance with the Disclosure and Barring Service (DBS) process and clear statements in the job description and person specification about the staff member's safeguarding responsibilities.
- 15.3 All staff members who have contact with children, young people and families will have appropriate pre-employment checks in line with *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2016*.
- 15.4 At least one member on every short listing and interview panel will have completed safer recruitment training. The head teacher is responsible for ensuring that safer recruitment training is kept up to date.
- 15.5 The head teacher and the nominated governor for child protection are responsible for ensuring that our **single central record** is accurate and up to date.

16 PROCEDURE FOR MANAGING ALLEGATIONS OF ABUSE MADE AGAINST SCHOOL STAFF MEMBERS AND VOLUNTEERS

- 16.1 Our aim is to provide a safe and supportive environment which secures the well-being and very best outcomes for the children at our school. We do recognise that sometimes the behaviour of adults may lead to an allegation of abuse being made.
- 16.2 Allegations sometimes arise from a differing understanding of the same event, but when they occur they are distressing and difficult for all concerned. We also recognise that many allegations are genuine and there are some adults who deliberately seek to harm or abuse children.
- 16.3 We will take all possible steps to safeguard our children and to ensure that the adults in our school are safe to work with children. We will always ensure that the procedures outlined in Part 4 of *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2016* are adhered to.
- 16.4 If an allegation is made or information is received about an adult who works in our setting which indicates that they may be unsuitable to work with children, the member of staff receiving the information should inform the Headteacher immediately. Should an allegation be made against the Headteacher, this will be reported to the Chair of Governors. In the event that neither the Headteacher nor Chair of Governors is contactable on that day, the information must be passed to and dealt with by either the member of staff acting as Headteacher or the Vice Chair of Governors.
- 16.5 The Headteacher or Chair of Governors will follow the procedures outlined in Part 4 of *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2016*. No member of staff or the governing body will undertake further investigations before receiving advice from the LADO.
- 16.6 Any member of staff or volunteer who does not feel confident to raise their concerns with the Headteacher or Chair of Governors should follow procedures outlined in Part 4 of *Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2016* and make the appropriate contact direct.

- 16.7 Supporting people:
The school together with Children's Social Care and the police, if they are involved, will consider the impact on the child concerned and provide support as appropriate. The head teacher will ensure that the child and family are kept informed of the progress of the investigation.
The staff member who is the subject of the allegation will be advised to contact their union, professional association or a colleague for support, (depending on the outcome of the safeguarding strategy meeting which is normally chaired by the LADO).
The head teacher will appoint a named representative to keep the staff member updated on the progress of the investigation; this will continue during any police or section 47 investigation or disciplinary investigation.
- 16.8 The school has a legal duty to refer to the Disclosure and Barring Service (DBS) anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. The DBS will consider whether to bar the person. If these circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO.
