

## Year 4 - BFG's blog

We have had some wonderful homework this week. Thank you to all our parents who helped with the construction of the volcanoes. Our topic of, Italian Adventure, has involved us in learning about volcanoes.

Some fabulous models have been made at home. We have shared how they have been constructed, learned from each other and worked in pairs to build a small volcano. Next week, using a chemical reaction, we are going to 'erupt' the volcanoes.

## Year 1 - Gingerbread's blog

What an exciting week we have had. The dragon that hatched in our classroom has been causing havoc - he has captured a Princess and is holding her in Edinburgh Castle in Scotland! They flew all over the British Isles, and we looked at the capital cities that they visited. The Princess needs rescuing, so we researched different people who help others. We came to the conclusion that the best person for the job would be a Knight, because they are brave, strong, courageous and are able to fight dragons. We have made 'Wanted' posters and are waiting for a response, do you know any Knights that could save the princess? We can't wait to find out what happens next!

### News from Year 1

Year 1 have had a message from a Princess who has been captured by a dragon in Edinburgh Castle. They had to think of people that would be good at rescuing her. They decided that a knight would be best for the job.

Now all we need to do is find a knight!
