

Year 3 Curriculum Profile

Spring Term 2018

Dear Parents/Carers,

We have some exciting experiences planned this term as part of our Creative Curriculum topic - 'Poles Apart.' We also have some stimulating trips planned, including: a visit from a polar explorer and a trip to Snowzone.

In the pages that follow you will find an overview of the curriculum areas and objectives that your child will be covering. We know that parents/carers are the most important people in children's lives, so as the term goes on we will be inviting you to come into the year group and work in partnership with your child or view his/her work.

We ask that you read with your child daily and support him/her with homework.

PE is on Monday and Tuesday. However, please ensure that PE kit and water bottles are in school **everyday**, as other PE sessions may be scheduled as and when needed.

Please contact class teachers via the school office or write a note if you have any queries, requests or news to share. A member of staff will then get back to you as soon as possible.

Thank you for your continued support,

The Year 3 Team

Miss Franks, Mrs Ward, Miss Burke, Miss Zammit, Miss Donnellan

HOMEWORK

A great opportunity for you to become involved in your child's learning.

Day given:

Friday

Daily

Subject:

Maths or English/Topic

Reading

Day due in:

Wednesday

Homework will be based on the learning that we will have been doing in class during the week.

Reading

Please continue to listen to your child read **daily**. Whilst reading, ask them questions about the story/text, to ensure they have understood. Then sign or write a short comment in their Reading Record.

MATHS

Number and Place Value

Addition

Subtraction

Multiplication

Division
